Dear Stephen,

Though we ran a strong campaign, we fell just short of the 50 percent majority needed to claim victory and will face a run-off election on December 2nd against Democrat Jim Martin.

The Democrats now have 56 seats in the Senate -- a pick up of at least five -- with several races still undecided and facing possible recounts. They have control of the White House and a strengthened majority in Congress . but they won't stop there. The national Democrats want to silence my conservative voice and will pour millions into this run-off race to elect Jim Martin, who will vote in lock-step with Barack Obama/Harry Reid/Nancy Pelosi.

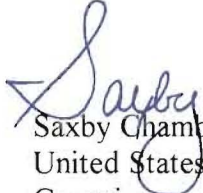

With advanced voting beginning in a few short weeks, I am reaching out to my top supporters for help. Stephen, your generous support helped me get this far -- will you please help once again?

Time is of the essence so please consider matching your last gift of \$25. The run-off is a "new election cycle" so the contribution limits start over. The maximum contribution for the run-off is \$2,300 per person, so any amount up to that will be a huge help.

We only have a couple of weeks until the December 2nd run-off election to raise the necessary money so I need to hear from you today.

Julianne and I are grateful to you for your unwavering support and ask you again to help us get through these next four weeks. Please send a generous contribution and remember to vote again on December 2nd. Thanks again for your support.

Sincerely,

  
Saxby Chambliss  
United States Senator  
Georgia

P S. This will be an intense run-off election battle and I need your **immediate help.** Please return your contribution of \$25 or any amount up to the \$2,300 maximum, today  
Thank you!!
