Dear Stephen:

You may have noticed a long-necked, mischief-making liberal swimming deep into political waters.

He looks just like Democrat Tim Johnson!

You may have caught a glimpse of his awkward liberal waddle when traveling across conservative ground.

It's Tim Johnson, all right!

Stephen, just take a look at the shocking appearance of his political plumage:

- \* He votes with Bill Clinton 75% of the time!
- \* He cast the deciding vote for the largest tax and spend bill in the history of the republic. Even Bill Clinton admits it was wrong!
- \* He voted against both the Republican and Democratic plans to balance the budget!
- \* He voted against a bill requiring federally funded clinics notifying parents 48 hours before performing an abortion on their minor daughter.
- \* He voted against voluntary prayer in school.
- \* He voted for the failed welfare system and against the work fare requirement.

Tim Johnson has dipped his bill into the liberal pond too many times for anyone to believe he's flying with the conservative flock.

He can't duck the issues anymore.

over, please . . .

I have a conservative record that properly reflects South Dakota's values. I've consistently fought for less government, fewer regulations, and lower taxes.

Together we've restored air service between Rapid City and Sioux Falls.

We've passed legislation limiting frivolous lawsuits.

We've expanded telemedicine in South Dakota's rural areas and we've authored landmark telecommunications legislation to offer Americans more choices, lower prices, new services, and more jobs.

I am honored to be the first South Dakota Senator chairing a major Senate Committee in nearly fifty years.

Your help has made this possible. You've been by my side as I've fought for commonsense, conservative values.

I need your help again.

I'm sure you've heard our recent radio ads exposing Tim Johnson for the liberal he really is. He's tried to decoy his liberal record and our ads have set the record straight in a humorous and memorable way.

We must keep our radio ads on the air and I'll need your help to do it.

Please help me spread the truth about Tim Johnson's liberal leanings all across this state. Your generous gift for one of the amounts mentioned on your Personal Reply Form will get the job done.

Your contribution will keep us on the air.

Thanks for all your help!

Sincerely yours,

Larry Pressler  
United States Senator

P.S. Let's show Tim Johnson we know the score. If he talks like a liberal and votes like a liberal, he's a liberal!
