Dear Mr. Meyers,

ONE LAST CHANCE.

Americans have one final opportunity to scuttle ObamaCare!

We're less than 100 days away from Election Day and for the sake of the country we love, we'd better grab this opportunity with both hands.

The United States Supreme Court raised the stakes of this election and now we have this final chance to spring into action and bring down ObamaCare before it brings us down.

House Republicans are **absolutely** committed to **repealing ObamaCare** . . . just as House Democrats are solely dedicated to the federal government's takeover of health care.

Americans have a choice of two very different futures . . .

And our Prosperity PAC is working overtime to give you a future without Washington rationing your medical care or wedging its way between you and your doctor.

Mr. Meyers, Republicans **MUST** keep control of Congress. That's the **only** way ObamaCare will get repealed. And I'm reaching out for your urgently-needed conservative support today.

Write your Prosperity PAC contribution for \$25, \$50, \$100, \$250, \$500, \$1,000 or more because you know that ObamaCare and the liberals' disastrous policies are hurting our economy and holding us back.

Freshman Republicans and deserving challengers are locked in tough, tight races against spend-tax-regulate-and-borrow Democrats. They are in dire need running against the cash-flush Obama campaign machine.

Mr. Meyers, they want and need our help . . . and I assure you, **Prosperity PAC won't let them down.**

Over, please . . .

Make the Prosperity PAC contribution that **WILL** make a decisive difference by writing your check for \$50, \$100, or \$500 right away.

Under President Obama's policies, Americans feel empty, discouraged, frustrated, and furious because we know the nation is on the wrong track and heading -- ever more rapidly after four straight trillion dollar deficits -- towards a steep fiscal cliff.

The uncertainty over ObamaCare has business owners reeling.

They aren't hiring new workers or opening new stores because the threat of ObamaCare has them frozen in place.

They see a gusher of new federal spending and deeper deficits, and they sense a giant target on their backs as the #1 source to pay for it.

They're being strangled by a bureaucracy spitting out red tape and mind-boggling regulations.

They've had **enough** and so have you.

President Obama's big government ideas have failed -- miserably! -- and no amount of sugarcoating will change that.

His agenda hasn't turned things around and when ObamaCare is fully implemented, it will hit like a ton of bricks that will break the backs of small business owners.

But we have **ONE LAST CHANCE**.

Our only hope is to protect and expand our Republican majority in Congress and I'm counting on your conservative leadership and generous spirit to make it happen.

Write your Prosperity PAC check for \$25, \$50, \$100, \$250, or more today.

Sincerely yours,

Congressman Paul Ryan
Chairman, House Budget Committee

P.S. If we win, we repeal ObamaCare. If they win, they implement ObamaCare. **It's that simple and that important.** Put your strong beliefs into action right away and let's grab this **one last chance** to stop ObamaCare once and forever.
